Siplast Artificial Turf

Commercial Product Data Sheet

Description:

Siplast Artificial Turf is a low-maintenance solution for creating natural-looking play and gathering spaces for patios, terraces, and rooftop areas. It resists staining, mold* and mildew,* and is quick-drying. It does not require treatment with potentially harmful pesticides and fertilizers and has impact-absorbing qualities†, making it an ideal surface for playground and pet areas.

* Siplast warranties and guarantees do not provide coverage against mold or other biological growth. Refer to Siplast.com for more information on warranty and guarantee coverage and restrictions.

† Siplast does not provide coverage for traffic or other physical impacts. Refer to sample guarantees and warranties available at siplast.com, for complete coverage and restrictions.

Uses:

Rooftop amenity spaces, playgrounds, pet areas, sports fields, putting greens, balconies, decks, and lawns

Material & Uses:

Polypropylene thermoplastic (PP) blended with Polyethylene (PE) thatching
15 ft. x 100 ft. rolls

Listings, Approvals & Certifications:

- LEED certified by US Green Building Council
- ADA accessible
- Meets ASTM D2859 Test Standard for Flammability (Pill Burn)
